Dr. Johann Lechner - Grünwalder Straße 10 a - 81547 München

## Agenda

**Thursday, December 6, 2018**

**Practical part of the course**

**Venue: Practice clinic Dr. Dr. (PhD-UCN) Johann Lechner,  
Grünwalder Straße 10a, 81547 Munich – 1<sup>st</sup> Floor**

3 p.m. Registration of participants  
Welcome and guidance through the practice rooms  
Division into two working groups

3 p.m. Preparation: Infusions and PRP / 2nd floor FocoDENT

- > Demo preparation of infusions
- > Demo PRP centrifugation
- > Demo infusions

4.00 p.m. - 5.00 p.m. Surgery I

5.00 p.m. - 6.00 p.m. Surgery II

6.00 p.m. - 7.00 p.m. Surgery III

**Parallel to the Surgeries: Demonstration of the test processes / 2nd Floor FocoDENT :**

3.00 p.m. - 5.30 p.m. Testpatient 1

- > Diagnosis of NICO 2D-Xray with DVT and CaviTAU® ultrasound
- > Measurement of hydrogen sulphide toxins with OROTOX
- > Testing the interference field characteristics and symptoms with PreventEST®
- > Testing the psycho-emotional backgrounds with MyEMO TEST®

**End – approximately 7.00 p.m.**

Dr. Johann Lechner - Grünwalder Straße 10 a - 81547 München

## Friday, December 7, 2018

Venue: Practice clinic Dr. Dr. (PhD-UCN) Johann Lechner,  
Grünwalder Straße 10a, 81547 Munich – 1<sup>st</sup> Floor

8.00 a.m. - 09.00 a.m. Preparation Surgery IV  
9.00a.m. - 10.00 a.m. Surgery IV

### Parallel to the surgeries: Infusions and PRP centrifugation / 2nd Floor FocoDENT:

Aftertreatment surgery cases I and III with

- Demo preparation of infusions
- Demo PRP centrifugation
- Demo infusions

### Parallel to the Surgeries: Demonstration of the test processes / 2nd Floor FocoDENT :

9.00 a.m. - 11.00 a.m. Testpatient 2

- Diagnosis of NICO 2D-Xray with DVT and CaviTAU® ultrasound
- Measurement of hydrogen sulphide toxins with OROTOX
- Testing the interference field characteristics and symptoms with PreventEST®
- Testing the psycho-emotional backgrounds with MyEMO TEST®

11.00 am. - 11.30 a.m. Coffee Break

11.30 a.m. - 12.30 p.m. **Nachbesprechung OP ´s, Nachbehandlungen und Teste**

12.30 p.m. - 2.00 p.m. Lunch

### Theoretical part of the course

Venue: MindLINK®, Grünwalder Straße 1, 81547 Munich – 1st Floor

#### Theory 1

2.00 p.m. - 3.45 p.m.

Lecture: Interference field and regulatory medicine

- **Surgical techniques, pre- and post-treatment in theory**
- **Interference field and basic system**
- **Chronical NICO as a systemic disturbance field**  
**NEW: System impact of immune mediators on NICO**

3.45 p.m. - 4.00 p,m. Coffee Break

Dr. Johann Lechner - Grünwalder Straße 10 a - 81547 München

## **Theory 2**

4.00 p.m. - 6.00 p.m

**Lecture: Localization of an odontogenic interference field**

### **Diagnosis of NICO : X-ray , DVT and CaviTAU®**

- > The root- filled tooth as interference field
- > Root canal treatment and trigeminal nerve
- > Toxic enzyme blockade
- > The OROTOX test : Evidence on the toxicity of nonvital teeth

**Parallel to the lectures:** Free Testing of the participants with the MindLINK® Software Systems

**End - approximately 6.00 p.m.**

7.00 p.m. - Dinner ( on request and order )

Dr. Johann Lechner - Grünwalder Straße 10 a - 81547 München

**Saturday, December 8, 2018**

**Practical part of the course**

**Venue: FocoDent,**

**Grünwalder Straße 10a, 81547 Munich – 2<sup>nd</sup> Floor**

8.00 a.m. - 10.00 a.m.          Aftertreatment surgeries I - IV

10.00 a.m. Testpatient 3:

- Why the wound does not heal ?
- Demo-Test of a problem case with MindLINK TEST® and PreventEST®

**Theoretical part of the course**

**Venue: MindLINK®, Grünwalder Straße 1, 81547 Munich – 1st Floor**

10.30 a.m. - 11.00 a.m.

Continuation of Friday afternoon:

- **Modern interference field and regulatory medicine**
- **Clinical success**
- **Results of a patient survey**

11.00 a.m. - 11.30 a.m.          Coffee Break

**11.30 a.m. – 2.00 p.m.          MindLINK® Workshops with Testdemonstration**

- **The interference field and its affinities of the unconscious**  
The psycho- emotional concomitant treatment of odontogenic interference field with MindLINK TEST®
- **The interference field and its affinities to the organs :**  
Teeth test with PreventEST®
- **The interference field and its affinities for regulation:**  
Life-Indices mit PreventEST®

**End of the seminar - approximately 2.00 p.m.**
